Shot Gun in Hands of Little
Russell Ray Kills His
Cousin Mildred

Sad Accident Today on R. H.
Phillips' Farm Near
Arlington

An accident occurred about 10:45 this morning at the home of William Ray, residing on the R. H. Phillips' farm, two and one-half miles southwest of Arlington, that cost the life of one innocent little girl, just big enough to toddle about and play in her childish way, and wrecked the life of a little boy, who is yet hardly old enough to realize the full meaning of the catastrophe.

Mrs. "Bud" Ray, of near Gwynneville, and little daughter Mildred, age 4 and a little three-year-old son were visiting at the Ray home.

At the time of the accident the children were playing together in one of the rooms. The mothers in a room adjoining were startled by the report of a shotgun and the cries of the children. Running into the room they found little Mildred lying on the floor, her little body jerking and quivering in a pool of blood and part of her head shot away. The mothers were distracted but neighbors were summoned. The little girl still breathed and everything was done to save her life. However, the battle went against her and the little girl died within a half-hour after the accident occurred.

Master Russell, confessed that he was responsible for the accident. He had secured the shot gun from a corner of the room and was playing with it at the time it was discharged.

SHELBYVILLE VS. MOSCOW SUNDAY

Line Up of the Two Teams—
Both Have Been
Strengthened

The Shelbyville Democrat says: The last game of the season will be played at the local ball park next Sunday. The strong team from Moscow will cross bats with the Grays. Moscow has lost but one game during the whole season. Halterman, who was formerly with the Grays, will twirl for the men from Rush county. The Fairland Regulars and a bunch of rooters will be here to stir up a little enthusiasm for the cause of the Moscovites. The line-ups will be as follows:

Moscow—R. Bennett, ss; Honey, 2b; Hungerford, rf; Barlow, cf; Harcourt, 3b; Tevis, c; Adams, lf; J. Bennett, 1b; Halterman, p.

Shelbyville—Schaub, ss; Dowling, 2b; Jones, rf; Condiff, cf; Hendricks, 3b; Wiggam, c; Gray, lf; Cassidy, 1b; Connaughton, p.

RECORD BROKEN

Quantity and Value of Coal
Mined Last Year Greatest
in History

According to report of Edward Parker, statistician of the United States Geological Survey, the production of coal in the United States in 1906 amounted to 392,919,341 short tons, having a value at the mines of \$476,756,963, surpassing in both quantity and value all previous records in the history of the country.

Of the total production in 1905, 77,659,850 short tons were Pennsylvania anthracite, with a value at the mines of \$141,879,000.

The total production of bituminous coal was 79,397,491 short tons, valued at \$334,877,963. A part of these increases in both anthracite and bituminous production is traced to the efforts of operating companies to provide a supply of fuel in anticipation of suspending of mining in April 1, 1906, when the wage scale agreements in the organized coal production states and the award of the strike commission in the anthracite region of Pennsylvania would terminate.

In each decade the output of the United States has been practically doubled. The report shows that there are 626,174 men and boys employed in coal mining in the United States.

TOMPKINS GIVEN HEAVY SENTENCE

Jury Returns Verdict of Guilty
After Being Out Several Hours

After being out from 11:45 a. m. to 4:30 p. m. Friday, the jury in the case of Tone Tompkins, of Milroy, charged with assaulting Jerry Morgan in Milroy on Christmas day, 1905, with a pair of knuckles, and with intent to murder him, returned a verdict, finding the defendant guilty of assault and battery, and imposing a fine of \$400 and six months jail sentence. If Tompkins is unable to pay the fine he will be compelled to remain in jail about eighteen months. He was committed to jail last evening. It is said that several of the jurors favored sending Tompkins to prison for a term of two years. Albert Hollowell was foreman of the jury.

THE HIGH SCHOOL ORCHESTRA AGAIN

Musical Organization is Perfected for the Coming Term

The High School Orchestra has re-organized this year under the leadership of Lewis Frazee. The first practice will be held next Wednesday at the assembly room. The members are Louis Frazee, 1st mandolin; Charles Stifter, 2d mandolin; Gus Williams, 1st cornet; Eldridge Gray, 2d cornet; Leon McDaniel, violin; Ralph Harold, traps, and Charley Sherman piano. Anyone desiring to be a member of the orchestra are please requested to be at the assembly room Wednesday evening at 2:30.

The body of Mrs. Omer Wiley, of Falmouth, who died yesterday, was shipped this morning to Vevay, where the funeral service will be held Sunday. Mr. and Mrs. Wiley were residents of Connersville for three years, when he was connected with the Cash Grocery company. Two years ago the family moved to Falmouth, where Mr. Wiley went into the grocery business. Mrs. Wiley is survived by the husband and four children. One little eight-year-old son is very low with typhoid fever.

The annual reunion of the Guffin family was held today at the fair grounds.

READY FOR EMERGENCY

Both the Army and Navy
are Ready for Business in Cuba

President Will Return to Washington to be in Close Touch With the Situation

Havana, September 29.—An American provisional government assumed control of Cuba today when War Secretary Taft's proclamation, declaring himself provisional governor of the island was formally issued. The proclamation was published in the official gazette and thousands of printed copies of the document were distributed in Havana and elsewhere.

The terms of the proclamation caused general satisfaction, especially on account of the moderate terms in which it is phrased, its statement that the provisional government of Cuba is undertaken only on account of the necessities of the situation and its promise that the provisional government will be maintained purely for the purpose of restoring peace, order and public confidence until a permanent government is established.

Washington, Sept. 29.—Both the war and navy departments are practically on a war basis, and advices from Cuba are anxiously awaited. The cruiser Des Moines has been ordered from Havana to Cienfuegos to assist in protecting property at that point against the insurgents. The general board of the navy is in practically continuous session.

In the war department there are many conferences, but few orders of consequence are being issued, as the army is practically ready for any emergency and the hiring of transports is the only detail necessary to complete war preparations. The first expedition would probably leave Newport News, made up of 5,500 troops gathered from posts near the eastern seaboard, and other expeditions from points further south in case the government can arrange for the suspension of troublesome quarantine regulations. New Orleans is mentioned as the probable point from which an expedition made up of Texas troops and troops in other Southern states adjacent to Louisiana will be sent. It is the purpose of the general staff to avoid railroad travel wherever possible and send troops from the seaports nearest the posts at which they are stationed.

The departure of President Roosevelt from Oyster Bay for Provincetown caused many officers both in the army and navy to believe that the president does not expect any emergency in Cuba before Monday, when he will arrive in Washington and be in close touch with the situation.

SAFE AND PLEASANT OCEAN VOYAGE

A souvenir postal card from Liverpool, England, was received by the Republican, representing the arrival at Liverpool of the White Star Liner "Oceanic." This is the steamer on which Percy Walker and Dan Drake made their trip to Europe to go to the Jersey Isles, off the coast of France. The voyage across the ocean, counting from Sandy Hook, to Queenstown, a distance of 2810 miles, was made in five days 22 hours and 55 minutes. Dan Drake in a letter home writes that while they had some rough sea, yet they had a fairly good trip and enjoyed the ocean voyage. Dan gained six pounds and expects to gain at least twenty-five by the time he gets back. The distance from England to the Jersey Isles is 250 miles, which is made by boat across the channel.

One hundred invitations have been issued for a social event at the home of Mr. and Mrs. James Wykoff, at Falmouth, Sunday.

Two small boys, one named McFeeley and the other named King, engaged in a fight yesterday evening in the alley near the bowling alley and scratched each other very badly.

PAW PAW TIME

Fruit Plentiful But Patches are Scarce—Possum Likes 'Em, Too.

Pawpaws are ripening in hundreds of patches throughout the country. The golden fruit of the woodlands is abundant this year and is just beginning to drop. It will not be at its best, however, until frost arrives. A good many people already have made excursions to their favorite patches and all have come back with baskets well filled.

The old timers argue that the abundance of pawpaws betokens that possums will be plentiful and fat. The pawpaw is greatly loved by the possum. The little marsupial waxes lusty on the sweets of the apple of the forest, and his meat takes an especial delicious flavor from it.

—The usual services will be held at the Presbyterian church next Sunday with preaching by the pastor at 10:30 a. m. and at 7:15 p. m. There will be special music at both services.

—There will be no preaching at the M. E. church Sunday on account of the absence of the pastor, Rev. V. W. Tevis.

—There will be the usual services at the U. P. church, Sunday. In the morning the pastor will take for his theme "God's Hidden Ones." There will be special music for both services.

—There will be a meeting of the Brotherhood of the Presbyterian church Tuesday evening in the church parlors. The purpose is to complete the work of organization.

—Liberty Herald: Rev. T. H. McConnell, of Rushville, Indiana, will occupy the pulpit of the Presbyterian church next Sabbath morning and evening, Sept. 30th. All are cordially invited to come out and hear him. Mr. McConnell will formally declare the pulpit vacant, as required by the General Assembly of the Presbyterian church.

Rev. T. H. Kuhn, Democratic candidate for Congress, addressed the citizens of Arlington last night. He was in the city today enroute to New Salem, where he speaks tonight. About fifty Rushville Democrats heard him at Arlington.

MANY LIVES WERE LOST

Tropical Hurricane Struck
Gulf Port With Devastating Force

In Present Chaotic State of Intelligence it is Impossible to Estimate Death List

Mobile, Sept. 29.—The number of dead in this city now numbers seventy-five.

Mobile, Ala., Sept. 29.—Loss of life variously estimated at from five to fifty, many people injured, 5,000 houses damaged, the business section devastated and a property loss of fully \$3,000,000 is the effect of the tropical hurricane upon the city of Mobile. The storm, which struck the city about Wednesday midnight, raged for hours, the wind reaching a velocity of ninety miles an hour. The water from Mobile bay was blown into the city by the gale, and for a time was seven feet deep in the wholesale business district, which includes that section of the city from Royal street to the Alabama river. The loss of life is believed to be mainly among the negroes, although conditions are so chaotic that definite information is impossible. Shipping suffered severely. Among the steamers sunk was the U. S. revenue cutter Alert. It is feared that the crews of these boats were lost, but nothing of a confirmatory nature can be given at this time. The city has been placed under control of the militia. Nobody is permitted on the streets except newspaper men and persons wearing badges. Much apprehension is felt for the suburban towns, as it is feared they have been obliterated. The chances are that the loss of life on Dauphin Island is heavy. Many fishermen live on Dauphin Island and other outlying marshy districts from which no tidings have been received.

The suffering in Mobile is severe. The annihilation of transportation facilities has shut off all supplies, and unless help reaches Mobile from the outside world soon great distress will result.

Every church in Mobile was damaged, though Christ church cathedral and St. Francis street Baptist church suffered more than others. The damage to Christ church cathedral is estimated at \$40,000 and St. Francis street Baptist church at \$10,000. Mobile's shipping suffered more than anything else. Many of the river boats are now beached or sunken; all complete wrecks. The docks and those of private corporations are fearfully wrecked. The revenue cutter Alert has gone down in Mobile river. She was rammed by some unknown vessel and sank immediately. Her crew is believed to have escaped, but nothing has been seen of them. The city was put under martial law at dark Thursday, and no person allowed to enter the wholesale business district. The city authorities were quick to act.

All wharves from Frascatti street, the extreme south end of the city, as far up the river as Three Mile creek, are total wrecks. This includes also the new Mobile & Ohio docks and the Louisville & Nashville docks. Electric light companies, street railways, and in fact all business, has been suspended. Numerous sawmills located in the northern and marshy districts have been either washed away by the terrific waves or torn to splinters by the wind. Their lumber and timbers are to be seen scattered over the entire city and floating down the slowly falling river.

Words cannot describe the terrors of the storm. During the hours between 6 p. m., Thursday, and noon Friday, trees fell and roofs were crushed by the hundreds. Through the streets, carried by the terrific wind, were hurled thousands of pieces of slate and tin roofing, cornices, shingles and in fact all kinds of debris. Window blinds were torn from their fastenings and windows smashed as though of tissue paper. Many people were seriously injured and cut by the flying slate and tin. The railroads have started wreckers out to clean up and repair tracks, but their task is herculean. There is no way to arrive at a correct estimate of the losses, owing to the disordered state all business is in. All is confusion. Hundreds of bales of cotton floated through the main streets of the city and were carried out to sea. Cotton not lost in this way was damaged by being soaked.

TO HAVE RIVAL

Horse Thief Association Will
Not be Only Thing of its
Kind in State

Wade Windell's Indiana Horse Thief Association is to have a rival. The new society being organized is known as the Farmers' Protective Association. Its aim will be to detect not only horse thieving, but all classes of crime which annoy the farmers most. Not least among these offenses is chicken thieving, but the theft of harness, the cutting of buggy tires and offenses of wide description are also important matters. The new association will not content itself with the regular officers of the law, but will employ such men as it deems especially fitted for any reason for the detection of crime, qualifications it may not find in a man, who has been merely elected to office, and who has had no particular interest in hunting down crime.

The organization will incorporate under the law, the same as any industrial enterprise, and while it employs county representatives they will have a jurisdiction co-extensive with the State. The association will be extensive in the United States and the facilities for ferreting out crime are to be after the methods the latest experience has dictated as being wise and the best.

BADLY BURNED BY ELECTRICITY

Were Plaintiffs in Damage Suits
Venued Here From
Greenfield

Two suits for damages in the sum of \$15,000 each, were brought here today from Greenfield, on change of venue. The suits are those in which Nora A. Heim and Elmer F. Heim are the plaintiffs, and the Indianapolis & Eastern Traction company, the Hannah Jackson Telephone company are defendants. Mrs. Heim asks \$15,000 damages from the defendants jointly, and Mr. Heim asks \$10,000 damages from the interurban company and \$5000 damages from Crider and the telephone company.

In both suits the plaintiffs allege that the defendants carelessly and negligently allowed a service wire belonging to the telephone company and constructed especially for a phone in the Crider home to sag from the poles and come in contact with the 500 volt electric current on the interurban company's trolley wire.

Mrs. Heim claims that the current entered her home over the telephone wire and that early on the morning of May 12th, 1905, before Mr. Heim arose from bed, she went to the telephone to call a neighbor. She claims that her arms were pinioned by her body, that her hands were burned off and that her body was disfigured and her nervous system shattered for life. Mr. Heim claims that he jumped out of bed, and ran to his wife's rescue, and was caught when he took hold of her. His hands were so buried that he lost several fingers and he claims that his body was terribly scarred and disfigured for life.

Gray and Forkner and Forkner, of Greenfield, and New Castle, and Watson, Tittsworth & Green, of this city are the attorneys for the plaintiffs.

SHOUT OF JOY FROM LIBERTY

People There Say They Have
Been Assured of the
Traction Line

Result of a Stockholders Meeting Announced by the
Vice President

The Liberty Herald is sure of it now, and expressed its confidence as follows:

The Herald has been optimistic all along about the Indianapolis & Cincinnati traction road coming our way. And now it gives us pleasure to say positively that Liberty will get the road. The senior editor was told in Muncie last week by Hon. Theodore Rose, the leading citizen of that city, and the vice president of the I. & C., that a stockholders' meeting had just been held, at which it had been definitely decided to push the road to Liberty from Connersville, after the equipment had been completed to the latter place. The cars will be running into Connersville by November 1st, and after that the company will take up the extensions to this place. The chairman of the right-of-way citizens' committee of our Commercial club has received a letter from one of the road officials of similar import to the above announcement.

At last we can throw up our hats and say "Let 'er come, boys!" It is the best thing that could have happened and will make this a livelier and better town, easy of access from without, and affording cheap transportation at convenient hours, and quick express and freight service. If the company pushes the construction this fall and during the winter, we ought to hear the rumble of rolling cars by next July, giving us an excuse to have an old-fashioned Fourth of July celebration.

Here's to a greater Liberty.

"JOHNNY WISE" COMING HERE

"The Flaming Arrow" Will
Also Appear at Local
Opera House

Manager Mullin of the city opera house has been rather unfortunate this season in getting shows, that proved to be other than advertised. Last Thursday night's performance of "Next Door" was somewhat of a disappointment.

However the next two shows are known to be good ones, besides coming highly recommended. Mr. Mullin, by chance, has secured Harry B. Linton's latest musical comedy "Johnny Wise" with Arthur Don, the well known comedian and a large supporting company and chorus. This company, does not ordinarily make towns the size of Rushville but as the company had one open date and pass through Rushville that day, Mr. Mullin persuaded it to stop here. Some good comedy work, singing and ballet dancing is assured. Some of the latest hits sung in the play are "The Choo Choo Cars," "I'm Johnny Wise," "Good Bye," "I Want to be a Jockey," "I'll Be Waiting and Watching for You," "Pretty Little Primrose" and others.

The following week Lincoln J. Carter's "The Flaming Arrow," a melodrama of Western life, acted by some talented artists, including real Indians, cowboys, miners and U. S. troops will appear here. The play has been seen here twice before and was greeted by large houses each time.

Daniel Shortridge, William Thomas and daughter, Miss Alta Thomas, and Mr. Dan Lewis, of Fairview, attended the funeral of John Keaton at Gwynneville today.

Mr. Bryan insists that the present administration has achieved its popularity by acting on suggestions he has made. As Mr. Bryan failed to accomplish or even undertake the reforms he now advocates it would seem to be the proper course to keep him in private life to make suggestions and keep Republican leadership in power to convert them into laws.

The number of traveling men employed in the United States increased from 7,262 in 1870 to 92,236 in 1900. The number of "drummers" at work was nearly doubled between 1890 and 1900. The number of retail merchants increased from 357,263 in 1870 to 835,197 in 1900, the greatest proportionate increase of the entire period being between 1890 and 1900. The number of farmers owning all or part of their farms increased from 2,984,306 in 1880 to 3,712,408 in 1900. It does not look as if business in the United States were undergoing such a rapid process of centralization as we have been led to believe.

"It takes very careful editing of news columns by Democratic editors now-a-days to keep out Republican campaign material," says the Rockport Journal. "Last week the Rockport Democrat contained a letter from Ed Gentry at Wallace, Idaho, that was a good argument for a 'stand pat' policy. Here is an excerpt from the letter: 'Help is the question of the day, and wages are still climbing higher. We are paying forty-five dollars, board and room per month for men. The mines are all short of men. There is room for over one thousand more laborers in the Coeur d'Alene country today, and the grain in the great Palouse country in Eastern Washington is being lost for the want of help to harvest it.'"

Rev. Wesley Borders, of Harrison township, Pulaski county, has the honor of being the oldest Republican voter in the State and probably in the country, we are informed. He is 100 years old. He cast his first vote for John Quincy Adams in 1828, and from the time of Fremont until the last presidential year in 1904 he has cast his ballot for the Republican candidates. He has strong hopes of living to cast his ballot for the next Republican president. Mr. Borders is of Pennsylvania Dutch descent. He was born in Virginia, Aug. 27, 1806. His parents came to Ohio in 1811, and 25 years later he and his wife came to Pulaski county, where Mr. Borders lives with his son, John F. Borders, who is 74 years old. Four generations of the family are living.

Chairman Taggart is returning good for evil. Six months ago Hearst went after him rough-shod and helped close the famous French Lick Monte Carlo, but today Taggart declared for Hearst for governor and said that inasmuch as the Democratic convention nominated him, he is entitled to the support of the entire party. He had just returned from New York, and he says Hearst will probably win.

The Republican state committee has arranged to make a big event of the opening of the campaign at Shelbyville Monday night by Senator Hemmaway. A special car was chartered and invitations issued to nearly 100 party leaders to accompany him.

Many Lives Were Lost

ed with muddy water. At Fort Morgan, thirty-five miles down the bay, the wind had a much higher velocity than at Mobile. Towns along the Mobile & Bay Shore road suffered immensely owing to their exposed condition. No word from the coast towns along the Louisville & Nashville road has reached the city. There is doubt that many lives have been lost and severe damage experienced both to residences and business property.

The streams are all out of their banks, and for twenty-five miles north of Mobile, looking to the right of the railroad, one can see nothing but a solid sheet of water running swiftly toward Mobile. Many farmhouses are situated in this inundated section, and there may have been loss of life there. The fruit and fall vegetable crops all over southern Alabama and Mississippi are ruined. So also is the cotton, sugar cane and other crops. One large Mississippi planter made the assertion that he would willingly accept \$15 for his cotton crop and feel that he had gotten the best end of the deal.

SAME OLD GAME

How a Private Banker in an Ohio Town Got His.

Pomeroy, O., Sept. 29.—The Middleport bank, a private institution at Middleport, O., failed to open its doors yesterday. It is stated that all the deposits, amounting to \$115,000, are missing and great excitement prevails. Most of the depositors are poor people, and their deposits represented nearly all their savings. The president of the bank is E. C. Fox, who went away last Tuesday, leaving Vice President T. S. Armentrout in charge. An examination of the vaults after Fox had gone revealed \$3,000 in cash and paper worth less than \$50,000 on its face to account for the \$115,000 deposited. Armentrout was formerly a Presbyterian minister at Gallipolis, and on the solicitation of Fox resigned the ministry the first of June, converted his property into \$6,000 and entered the bank as an equal partner with Fox, unaware of its financial condition. He has lost his \$6,000 and is now almost a physical wreck. Fox came to Middleport a few years ago from Kansas.

The people of Middleport became thoroughly aroused over the collapse of the bank. For a time it looked like there might be bloodshed. William Horden, an old merchant, became so angered over the loss of a heavy deposit that he secured a revolver and sought Vice President Armentrout at his home with the avowed purpose of shooting the banker. He was intercepted just in time to prevent it.

Just before dark Armentrout was arrested by warrant sworn out by Prosecuting Attorney Miller and brought to Pomeroy, where he gave bond for his appearance. E. C. Fox, the president of the bank, has been located at Toronto, O., where his wife's people reside, and his arrest ordered. He is expected to be apprehended and brought back here today.

The Curse of Shiftlessness.

Whether shiftlessness is a vice that is incurable or a habit that can be overcome, it is anyhow a condition that perplexes and irritates relieving officials. Shiftlessness is paying one's last 50 cents for a circus ticket without learning where tomorrow's breakfast is coming from. It is a refusal to repair the leak in the roof when the sun shines. It is killing the goose that lays the golden eggs. It takes no thought of the morrow. It never lays up anything for a rainy day. It always ignores opportunities. It prefers to rely on neighborhood bounty to hustling for itself. It won't work, except under the pressure of necessity. It never gets ahead. —Hartford Times.

Man Who Beheaded Charles I.

The mysterious masked man who beheaded Charles I. remains British analogue for the Man With the Iron Mask. Lilly, the lying astrologer, denounced Cornet Joyce at the restoration, but Joyce on the fatal 30th of January was not in favor with Cromwell. The parish register of Whitechapel records the burial in 1649 of Richard Brandon, the common hangman, and opposite the entry a contemporary hand wrote that "he cut off the head of Charles the First." Brandon himself asserted that "they made him do it for £30," with which he drank himself to death. —Dundee Advertiser.

Drinking Hot Water.

Persons who have irritability of the heart should not drink hot water. Hot water will cause palpitation in such cases. Persons with dilated stomachs should avoid the drinking of hot water; persons afflicted with "sour stomachs" persons who have soreness of the stomach or pain induced by light pressure should also refrain from drinking it. Hot water will relieve thirst better than cold water, and for that purpose it should not be condemned, but hot water is an excitant, and in cases in which irritation of the stomach exists it should be avoided.

Drudgery.

The everyday cares and duties which men call drudgery are the weights and counterpoises of the clock of time, giving its pendulum a true vibration and its hands a regular motion, and when they cease to hang upon its wheels the pendulum no longer swings, the hands no longer move, the clock stands still. —Longfellow.

NOTE IN MAIL BOX

Contained Notice of Death of Aged Citizen of Ripley County.

SON GAVE THE WARNING

Andrew Young Put Note in Neighbor's Mailbox Giving Notice of His Aged Father's Death.

Body Was Found Tied in a Chair and the Unnatural Son Has Disappeared.

Versailles, Ind., Sept. 29.—When Lorenzo Wear, who lives three miles from here, went to his mail-box he found a note stating that Amasia Young was dead. The note was written by Andrew Young, the twenty-year-old son of Amasia. A postscript was added, bidding Wear good-by, and saying he would never be seen around here any more. Wear lives 200 yards from Young's house. He immediately went there and found the old man's body in a rocking-chair with the head tied to the back of the chair. The body was nude with the exception of a blanket over the knees. Young apparently had been dead some time. Coroner Nicholas was notified and will hold an inquest.

Young was a widower, eighty-six years old, and lived with his only son Andrew. He had been an invalid for some years. There is no evidence of foul play and death was probably due to natural causes. The son was last seen around the house at 6 o'clock Wednesday evening, and cannot now be found. Young owned the farm on which he lived, and though he was supposed to have a great deal of money about the house, only \$65 was found. It was in an old pocketbook on the table in the room where the body was found.

SUES THE SALOON KEEPERS

Mrs. Gertrude White Seeks to Recover \$4,000 Damages.

Anderson, Ind., Sept. 29.—Peter Spoo and E. B. Vinsen, saloon keepers at Frankton, and also their bondsmen, have been sued for a total of \$4,000 damages by Mrs. Gertrude White, a bride of a year, who has sued for divorce from Dr. Robert H. White, a dentist of Frankton. The plaintiff alleges that Dr. White, since his marriage, frequently was intoxicated, and that while in such condition the saloon keepers complained of sold him more intoxicating drinks, resulting, she alleges, in his striking and abusing her and depriving her of provisions for herself and baby.

He Blames the Liquor Dealers.

Brazil, Ind., Sept. 29.—Howard Fagin has filed suit in the Clay circuit court against Thomas H. Johnson, a merchant at Saline City, for \$5,000 damages for selling him two half pints of whisky, which, he alleges, caused him to lose his right leg in a runaway accident.

The Wrong Body Claimed.

Peru, Ind., Sept. 29.—A message from Danville, Ill., says the remains supposed to have been those of Walter Ellison, the fireman killed in the Washburn wreck at Catlin Wednesday and buried by his widow here Thursday afternoon, were those of another man, as Ellison's body was found today in a cornfield 100 feet from the track. The discovery was a great shock to the relatives of Ellison.

Close Call for Workman.

Hartford City, Ind., Sept. 29.—Geo. Hall, twenty years old, fell into the machinery at a paper mill here and workmen rescued him just in time to prevent his body being mangled. The leg of his overalls caught in the gear, and the clothing was completely torn from his body. Workmen pulled him out just as his body started to pass into the machine. His left leg will be amputated.

School Boy's Shocking Death.

Laporte, Ind., Sept. 29.—"Jimmy" Cook, fourteen years old, is dead as the result of injuries received while crossing the Lake Shore railroad tracks at Dune Park. He was returning from school and in crossing the tracks he stepped from in front of one train in front of another going in an opposite direction. He died within one hour after reaching here.

Double Tragedy at Fort Wayne.

Fort Wayne, Ind., Sept. 29.—Walter Harrod shot and killed his wife and with the same weapon ended his own life. The couple came here recently from Mount Gilead, O. The shooting, it is thought, was the result of a domestic quarrel, the woman having applied for a divorce. Harrod was twenty-eight years old and his wife twenty-three.

Italian on Trial for Murder.

Bedford, Ind., Sept. 29.—The trial of Philip Rock, under indictment for murder in the first degree, is on in the Lawrence circuit court. Rock, who is an Italian merchant at Reeds Station, the promoter of the Italian bank and a leader of his countrymen at that place, shot and killed an Italian named Letito a few weeks ago.

You have been seeing us climb. We ourselves have made the rounds to the ladder of our success. Of what? Buying good goods; selling good goods at only reasonable profits; dealing squarely—giving all customers the same price; standing behind everything we sell; treating our patrons with courtesy; and, as you know, by attending to our business and carrying the stock. Good intentions come only out of the head; good goods must come out of a good store that is able to get good goods; we enjoy our business. Activity, progress, is enjoyable. We are business men, proud of our profession, and we make a profession of our business. A professional man is a man especially skilled in what he does. We have made a study dressing people; this is our profession. And this is our confession.

THE LAST ACT

How the Curtain Was Rung Down on Fated Play, "Cuba Libre."

Havana, Sept. 29.—When President Palma last evening definitely and firmly announced to his political followers that his resignation was absolutely irrevocable, the Moderates held a consultation at which it was decided that no Moderate should return to the special session of the congress, thus precipitating a condition in which no provisional president could be elected. This throwing up of their hands practically gave over the control of affairs to the American commissioners, paving the way for Secretary Taft's proclamation creating himself provisional military governor.

Palma Remains Firm.

It was in a spirit of utter apathy that a joint session of the senate and house received the resignations of the president, the vice president and the members of the cabinet. This attitude was due in a great measure to despair that any action on the part of congress would result in making American intervention less probable. After a brief but confused debate congress decided on the final and forlorn hope of an appeal to the president to reconsider his decision to retire from office. The house then took a recess to permit the Moderates and the liberal Nationalists to visit Palma. They were received by the president in the old throne room of Spanish days, now the red salon. Palma was much affected at the appearance of practically all his leading allies on such a solemn occasion. He greeted them sorrowfully and then listened intently to their plea that he reconsider his decision to resign. Palma was deeply moved and listened with tears in his eyes. His reply, however, was determined, begging them not to insist in asking him to withdraw his resignation, which represented, he said, his irrevocable resolution.

Senator Dolz broke the ensuing silence by saying that the Moderates would not press the request, and ended the interview by embracing President Palma. The president and several others wept freely and the delegates in turn grasped President Palma's hand and withdrew.

The Final Act.

The Moderates refused to assist at the night session of the congress which was called for 9 o'clock. At 10 o'clock only four members were present. Senator Manduley demanded a roll-call to determine whether there was a quorum, saying if there was not he would move adjournment. General Boza, a loyal liberal, hotly insisted that something should be done and said he was willing to wait until midnight. However, as neither Senator Dolz, president of the senate, nor General Freyre Andrade were present, the session simply dissolved. At 10:30 the lights were extinguished and the small crowd present was invited to move on, thus practically terminating the activities of the present government.

No sooner was the failure of last night's adjourned session of the congress and the declared intention of the government officers no longer to serve reported to Secretaries Taft and Bacon than the preparations for armed intervention were put into operation. A telephone wire had been quietly laid from the American legation to the battleship Louisiana, and as soon as the order was received from Secretary Taft thirty marines were landed at the captain of the port's wharf and proceeded quickly and quietly to the treasury building, where they went on guard. In the meanwhile Captain A. R. Couden, commander of the naval force; Captain Seaton Schroeder of the battleship Virginia; Brigadier General Funston and Major Ladd were in conference with Taft and Bacon, completing plans for the guarding of the city and arranging for

the occupation. The proclamation will be signed by Secretary Taft by virtue of the authority vested in him by President Roosevelt. It will appoint Secretary Taft provisional military governor of Cuba. He will immediately assume full control of the government until he deems the country to be sufficiently pacified for civil government, whereupon he will call Backman Winthrop, at present governor of Porto Rico, to act as civil governor here.

ALL TRADE BOOMING

Industry Generally Was Never So Active, Says Bradstreet.

New York, Sept. 29.—Bradstreet's weekly review of trade today says: Distributive trade is still of a very large volume, but there is enough irregularity to prevent broad generalization. The close of September finds the usual evidences of subsidence in wholesale trade, but retail trade is better on more seasonable weather, except at the South, where severe storms have stopped cotton picking, checked movement and retarded collections. Cereal crop reports are rather better, threshing having been resumed at the Northwest, where quality has been injured. Corn has definitely passed out of the range of frost damage, and cutting of a record crop of fine quality is now general. Industry generally was never so active, and there is much complaint of backward deliveries, particularly of iron and steel and drygoods ordered for fall and winter delivery.

The Friends and Missions.

Richmond, Ind., Sept. 29.—Reports of American Friends board of foreign missions submitted to the Indiana Yearly Meeting of Friends here shows that Friends are now conducting missionary work in Jerusalem, Japan, Mexico, Cuba, China, India, Jamaica, Alaska and British East Africa. The Application Denied.

New York, Sept. 29.—Justice Bischoff denied the application of counsel for Harry K. Thaw for the removal of his indictment from the court of special sessions to the criminal branch of the supreme court of New York.

LET THE EAGLE SCREAM

King of Birds Looks Well on the Label of the King of Cigars.

It is not often that the cigar store has a lot of eagles, but Thos. W. Lytle when he received his stock of Wadsworth Bros. Chicos cigars found that a handsome eagle decorated the box. It is very appropriate he says to have the King of Birds on the label of the King of Cigars. This is one that pleases all who love a good smoke, yet it sells for only 5c. Smokers who used to pay ten to fifteen cents for cigars now puff up the Chicos, and are better pleased and satisfied.

Try a Chico and you will thank Thos. W. Lytle for recommending the cigar.
